WHO ARE WE?

Established in 2022, Easy Units is driven by a singular vision: to make high-quality garden rooms and office units accessible to everyone without compromising on affordability, quality, or style. With a collective experience of over 50 years in the building trade, our team brings a wealth of knowledge, spanning from on-site work to complete house builds.

Our range of insulated and modular garden rooms and office units is strategically categorized into four distinct price bands—Pure, Classic, Sleek, and Lux. This ensures that we can meet the diverse needs and budgets of our clients. Whether you're seeking a budget-friendly option or a premium, feature-rich solution, we have something for everyone.

At Easy Units, we believe in transparent pricing. That's why all our quoted prices include delivery to any location in mainland UK and on-site assembly. No hidden surprises—just straightforward, honest service designed to make your experience seamless and enjoyable. We also offer Finance to make purchasing even more affordable.

GARDEN ROOM USES

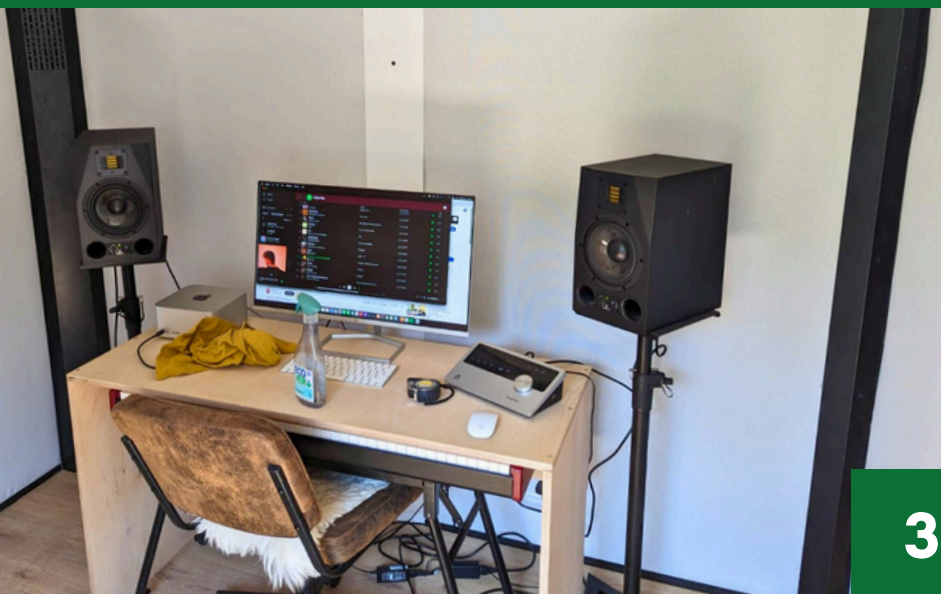

Step into the realm of endless possibilities with our garden rooms. Beyond being stylish extensions of your home, they are versatile spaces that adapt to your evolving needs.

Imagine a serene home office offering a peaceful work environment, free from the distractions of daily life. Seamlessly transformed into vibrant and inspiring creative spaces—ideal sanctuaries for artists, writers, and designers to unlock their full potential.

Need a space to kickstart your fitness journey? Your garden room effortlessly becomes a private gym, where you can pursue your wellness goals without leaving the comfort of your home.

When guests arrive, your garden room gracefully transitions into a welcoming guest suite, providing a cosy and private retreat for your visitors.

The versatility doesn't stop there. Picture a haven of tranquillity, a quiet retreat for reading, or a dedicated space for your hobbies and passions. Our garden rooms are more than just structures; they are lifestyle elevators, designed to enhance every facet of your life.

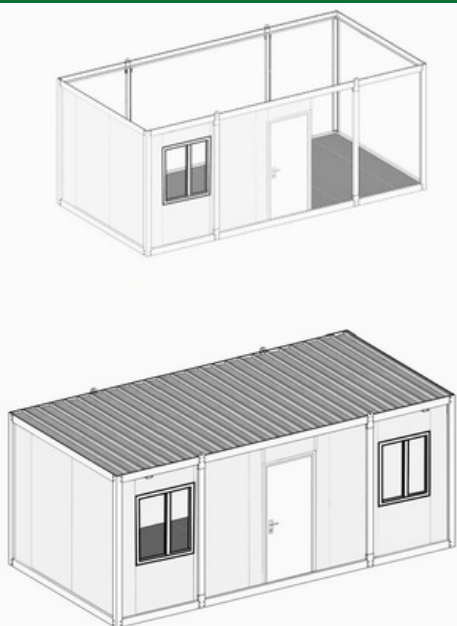

OUR MODULAR SYSTEM

all of our garden rooms start with the same robust galvanized steel framework in your choice of either white or anthracite finish. Our 50mm PUR insulation wall panels, featuring a white powder-coated galvanized steel sheet on both sides, ensure optimal thermal efficiency and a sleek exterior. The 60mm PUR roof, equipped with ridges for effective water displacement, is also encased in the same durable steel coating.

Enjoy flexibility in design as doors and windows are seamlessly incorporated into the wall panels, allowing versatile placement within your garden room. The floor, constructed with steel studs and a 22mm moisture-resistant floorboard, offers both durability and resilience. Complete the look with your choice of flooring, whether it's the timeless appeal of vinyl or the sophistication of water-resistant laminate.

Our Modular system allows us to assemble our garden rooms on site in as little as 1 day depending on size and range.

THE PURE RANGE

This is our budget range, left with exposed panels ideal for those needing the extra space but have a light budget or for those who wish to finish their garden room in their own way.

Each unit is supplied with 1 entrance door & 1 double-glazed window (2 on units 5.9m and longer)

Plastic corner trims & skirting finished with Vinyl flooring.

We supply a electrical pack with every unit which includes 1x led light & switch (2 on units 5.9m and longer) 2x led lights (4 on larger units) consumer unit & 25m of 1 & 2.5mm wire plus cable trunking. (this must be installed by your own electrician.
